#### B. Submitting Comments

Please include Docket ID **NRC-2018-0195** in the subject line of your comment submission, in order to ensure that the NRC is able to make your comment submission available to the public in this docket.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. The NRC will post all comment submissions at <http://www.regulations.gov> as well as enter the comment submissions into ADAMS, and the NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

## II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized below.

1. *The title of the information collection:* 10 CFR part 71, "Packaging and Transportation of Radioactive Material."
2. *OMB approval number:* 3150-0008.
3. *Type of submission:* Extension.
4. *The form number, if applicable:* Not applicable.
5. *How often the collection is required or requested:* On occasion. Application for package certification may be made at any time. Required reports are collected and evaluated on a continuous basis as events occur.
6. *Who will be required or asked to respond:* All NRC specific licensees who place byproduct, source, or special nuclear material into transportation, and all persons who wish to apply for NRC approval of package designs for use in such transportation.
7. *The estimated number of annual responses:* 634 responses.
8. *The estimated number of annual respondents:* 220 respondents.
9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 30,589 hours.

10. *Abstract:* The NRC regulations in part 71 of title 10 of the *Code of Federal Regulations* (CFR) establish requirements for packaging, preparation for shipment, and transportation of licensed material, and prescribe procedures standards, and requirements for approval by NRC of packaging and shipping procedures for fissile material and for quantities of licensed material in excess of Type A quantities. The NRC collects information pertinent to 10 CFR part 71 for three reasons; to issue a package approval; to ensure that any incidents or package degradation or defect are appropriately captured, evaluated and, if necessary, corrected to minimize future potential occurrences; and to ensure that any incidents or package degradation or defect are appropriately captured, evaluated and, if necessary, corrected to minimize future potential occurrences; and to ensure that all activities are completed using an NRC-approved quality assurance program.

### **III. Specific Requests for Comments**

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the estimate of the burden of the information collection accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated at Rockville, Maryland, this 18<sup>th</sup> day of April 2019.

For the Nuclear Regulatory Commission.

David C. Cullison,  
NRC Clearance Officer,  
Office of the Chief Information Officer.
